Tejido

4-Xtreme Max.

91% GRS recycled nylon
9% spandex
230 gsm

Reinforcement fabric Ripstop

90% nylon
10% spandex
320 gsm

Recycled nylon: Nylon is synonymous with durability. Its unique structure offers superior resistance to wear, stretching, and the passage of time, outperforming polyester in performance. Additionally, being recycled, it reduces environmental impact. Ideal for those seeking strong, flexible, and reliable materials.

Spandex: Highly elastic synthetic fiber, capable of stretching up to five times its original length and returning to its shape without deforming.

Ripstop: Lightweight, resistant, and tear-proof technical fabric, designed to withstand intensive use in the most demanding conditions.

Tejido desarrollado por Velilla Group

4-XTREME MAX

4 Way Stretch

Fabric with multidirectional stretch

Memory shape

Recovers its shape after use

Breathable

Evacuates water vapor ensuring efficient thermal regulation

Ultra durable

High durability and tear resistance

Wrinkle free

Wrinkle-free fabric

Ultimate comfort

Maximum comfort and softness thanks to the fabric's construction and features

Abrasion resistance

Designed to withstand wear from continuous friction or rubbing

Water repellent

Repels water and other liquids, preventing absorption

This product is made with recycled polyester certified under the international GRS standard, using the equivalent of 20 post-consumer plastic bottles.

Level of protection against ultraviolet rays
UPF 50+. Maximum achievable level, blocking over 98% of UVA and UVB rays.

Instrucciones de lavado

Max temp.. 40°C
Do not bleach
Do not iron
Do not tumble dry
Suitable for tumble drying at low temperature

Recommended printing techniques

Transfer

Screen printing

UPF Protection Values

50+

UPF: Level of protection against ultraviolet rays UPF 50+. Maximum achievable level, blocking over 98% of UVA and UVB rays.
