Fabric

Stretch denim.

81% cotton

17% recycled polyester RCS

2% elastane / 300 g/m²

This fabric is lightweight and comfortable, offering functionality and freedom of movement. Thanks to its composition, it provides an excellent combination of comfort, breathability, and flexibility.

Cotton: Its high cotton content delivers natural softness, pleasant against the skin, along with excellent breathability, promoting thermal comfort even during prolonged wear.

Elastane: Adds just the right level of stretch, allowing freedom of movement and a comfortable fit that does not restrict or constrict.

Thanks to its light weight and flexible structure, this denim fabric is ideal for garments that require a balance between a professional appearance and comfort.
